2024 Walk to End Alzheimer's

Saturday, October 5th
Washington Park, Michigan City

The Walk to End Alzheimer's is held annually in more than 600 communities around the nation. It is the world's largest fundraiser for Alzheimer's care, support, and research. This event encourages people of all ages to join the fight against the disease.

These funds allow the Alzheimer's Association to provide 24/7 care and support as well as advance research towards prevention, treatment, and ultimately a cure.

This year Home Instead will be joining the walk!

We would love for you & your families to join us at the walk! It's truly a wonderful cause, that touches each of us directly through our work everyday.

If you cannot attend or would like to donate more than your time please use the QR code at the bottom of the page to access our team donations page! I encourage each of you to share this QR code with your family & friends as this is a great cause!

You can screenshot this QR code and post it to your social media accounts or send it to family & friends!

CAREGiver of the Month— Alycia Braniger

We are proud to announce our CAREGiver of the Month as Alycia Braniger! Alycia has been with Home Instead since October 4th of 2018, almost 6 years! Prior to working as a CAREGiver professionally, Alycia helped take care of her great-grandmother. In this time she saw the relationship her great-grandmother had with her home health nurse and realized how valuable home care can be. Having seen both sides of home care, Alycia is able to step into her clients shoes and ensures a level of care she would expect for her loved ones.

Outside of work Alycia loves to spend time with her family. Alycia & her fiancée, Danny, share 4 children together and enjoy having family movie nights! Alycia attributes her hard work and positive attitude to her family, she does everything for them!

Thank you so much Alycia for all your hard work!

SEPTEMBER BIRTHDAY'S

Debra Evans— 9/1

Ana Curiel — 9/23
